

# MOBILE-TENSAW DELTA

The Mobile-Tensaw Delta tracts consist of 13 acquisitions (Nos. 15, 17, 19, 21, 25, 27, 37, 44, 49, 51, 61, 64 and 67) in Baldwin and Mobile Counties totaling over 48,000 acres. These tracts consist of bottomland hardwoods, cypress/tupelo swamps, bogs, marshes and a variety of other wetland habitat types interspersed amid abundant waterways of rivers, creeks, sloughs, ponds and lakes. These lands are part of the Upper Delta (created in 2000), Mobile-Tensaw Delta and W. L. Holland Wildlife Management Areas.

The Bartram Canoe Trail can be found in the waterways in the upper reaches of the Delta. The Bartram Canoe Trail offers several day trips and, if you are interested in an overnight trip, floating camping platforms are available.

5 Rivers - Alabama's Delta Resource Center, located on the US 98 Causeway between Mobile and Spanish Fort, is a great place to begin exploring all the Delta has to offer. At 5 Rivers, you can check out the Shellbank Visitor's Center, view some of the wildlife species found in the Delta at the Apalachee Exhibit Hall or take in programs and demonstrations on a variety of topics.

For more information about the Mobile-Tensaw Delta or the Bartram Canoe Trail, please visit [www.Alabama5Rivers.com](http://www.Alabama5Rivers.com).

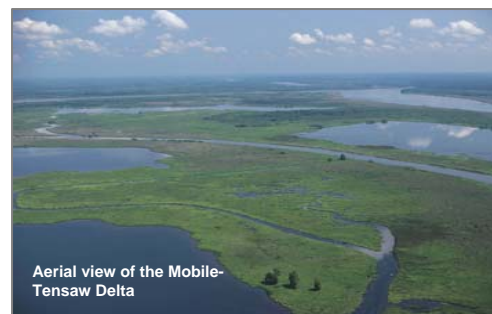

### **Directions to the Jacinto Port parking lot:**

From Mobile, travel US 43 North for approximately 4 miles. Turn right onto Station Avenue. The parking lot will be on your left.

### **Coordinates for the Jacinto Port parking lot:**
