

Alabama's Wildlife Heritage is important to all Alabamians. If you enjoy hiking, canoeing or adding one more bird to your lifelist the Wildlife Heritage License is for you. Learn how you can help the Alabama Department of Conservation and Natural Resources in their efforts to protect and conserve our state's wildlife and natural resources.

To purchase an Alabama Wildlife Heritage License, visit [outdooralabama.com](http://outdooralabama.com).

You can also purchase a license by calling toll-free **1-888-848-6887** or by visiting your nearest license retailer.

Make what's important to you count!

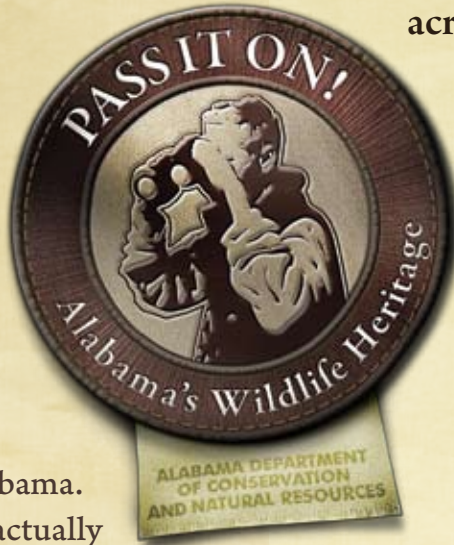

The Alabama Department of Conservation and Natural Resources does not discriminate on the basis of race, color, religion, age, gender, national origin or disability in its hiring or employment practices nor in admission to, or operation of its programs, services or activities. This publication is available in alternative formats upon request.

The Wildlife Heritage License is a perfect way for anyone to support the Alabama Department of Conservation and Natural Resources in their efforts to protect and conserve our state's wildlife and natural resources.

For only \$10, you'll be helping manage lands and sustain habitats for the many species in Alabama. Your \$10 contribution actually goes much further for the state's conservation efforts, which receive a three-to-one federal match on every dollar.

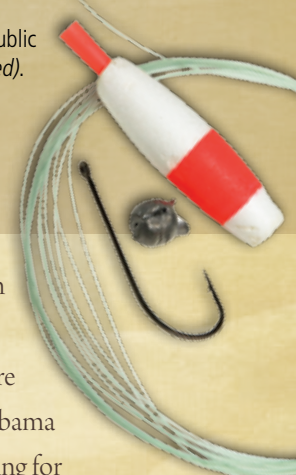

## The funds generated through the sale of this license help support critical conservation programs across the state, including:

- Purchasing of lands for the management and enhancement of wildlife and freshwater fish and their habitats.
- Surveying and monitoring wildlife populations. This includes bald eagles, bats, statewide bird inventories, and mourning dove and wood duck banding.
- Supporting the Partners-in-Flight Program and Birding Joint Ventures. Both are cooperative efforts between private, governmental and academic groups to conserve birds across regional and hemispheric landscapes.
- Conservation and environmental education.
- Providing technical assistance to landowners for the improvement of freshwater fish and wildlife habitats and populations.
- Operating and maintaining approximately 768,000 acres within the Alabama Wildlife Management Area System.
- Operating and maintaining all 20 Alabama public fishing lakes.
- Maintaining the Alabama Hunting and Fishing Trail for People with Physical Disabilities.
- Providing wildlife and fisheries enforcement.

## But license holders also enjoy other benefits:

- Hunt all small game, except waterfowl, on any of Alabama's 35 Wildlife Management Areas, Waterfowl Refuges and Community Hunting Areas (*Free WMA permit required*).
- Shoot on any of Alabama's 10 public shooting ranges.
- Fish at any of the 20 state-owned public fishing lakes (*\$2 daily permit required*).
- Freshwater fish with a hook and line from the bank in public waters in all 67 counties.

Remember, each \$10 contribution to this program is matched three-to-one with federal dollars. As more and more people get involved, Alabama will have access to far greater funding for conservation efforts. We appreciate any help you can offer to spread the word.
