(1) Gulf Reef Fish - Fishermen taking Gulf Reef Fish for commercial purposes from Alabama waters must fish from a vessel holding a federal reef-fish commercial vessel permit and an Individual Fishing Quota for such species that require one.

- (a) The operator of those vessels permitted to land Gulf Reef Fish are required to present, to any seafood dealer purchasing the Gulf Reef Fish, their federal vessel permit and Alabama Commercial Fishing License.
- (b) Any vessel or individual required to possess a federal permit by the Gulf of Mexico Reef Fish Management Plan or permit by the Coastal Migratory Pelagics Management Plan (to be exempt from bag limit requirements) must possess such permit to possess or land such fish in Alabama.
- (c) Alabama seafood dealers may purchase other seafood from federally permitted fishermen fishing the Exclusive Economic Zone (EEZ) only if such fishermen possess a state commercial fishing license.
- (d) Commercial fishermen landing Gulf Reef Fish in Alabama that are mandated under IFQ shall abide by 50 CFR Part 622 for landing, off loading, transporting, and reporting.
- (e) Anglers must use non-stainless steel circle hooks when fishing for, retaining, possessing or landing gulf reef fish when using natural bait.

(2) Mullet - No bag limit, except: from October 24 - December 31, the taking of mullet is prohibited in Theodore Industrial Canal, Dog River, Fowl River, or their tributaries.

(3) Sharks - When federal waters adjunct to Alabama waters are closed to the commercial harvest of a shark species, it shall be unlawful to take, harvest, or possess or attempt to take, harvest, or possess, for commercial purposes, such sharks from the water of the State of Alabama. Shark fishing in Alabama waters is allowed from 12:01 AM each Monday through 11:59 PM each Friday (no weekends), but shall be closed from 12:01 AM through 11:59 PM on each of the following holidays: Memorial Day, Independence Day, and Labor Day. Alabama waters east of Little Lagoon Pass (87°44.4'W) are closed.

(a) Anglers must use non-offset non-stainless steel circle hooks when fishing for, retaining, possessing or landing sharks when using natural bait.

(4) When adjoining federal waters are closed then state waters are closed to the taking of Gulf Reef Fish, king mackerel, and sharks. Commercially licensed Alabama gillnet fishermen targeting other fish may have an incidental by-catch of dressed weight sharks totaling no more than 10% by weight of other fish taken.

(5) An Alabama Gulf Reef Fish Endorsement is required for any person possessing, taking or attempting to take species of gulf reef fish: Gray triggerfish, Jacks, Greater amberjack, lesser amberjack, Alamo jack, Banded rudderfish, Hogfish, Queen snapper, Mutton snapper, Blackfin snapper, Red snapper, Cubera snapper, Gray (mangrove) snapper, Lane snapper, Silk snapper, Yellowtail snapper, Wenchman, Vermillion snapper, Goldface tilefish, Blueline tilefish, Tilefish, Speckled hind, Yellowedge grouper, Goliath grouper, Red grouper, Warsaw grouper, Snowy grouper, Black grouper, Yellowmouth grouper, Gag, Scamp, Yellowfin grouper

- Commercially licensed fishermen can sell their catch only to a licensed Alabama seafood dealer.
- No person may sell, trade, or barter - or possess or transport for commercial purposes - any red drum, spotted seatrout, striped bass (caught under AMRD jurisdiction), or tarpon caught in Alabama waters
- Season closes in state waters for Gulf Reef Fish, king mackerel, and sharks upon closure of federal Waters.
- It is unlawful to possess, in Alabama, any species of saltwater fish or seafood product taken in federal waters or the waters of another state unlawfully in violation of any applicable federal or other state creel, possession, or size limit.

***Commercial fishermen shall not possess game fish (spotted seatrout, red drum, striped bass caught under AMRD jurisdiction, and tarpon). They may use a recreational license and adhere to all bag and creel limits**

Saltwater finfish commercially harvested in State of Alabama must be landed in this state and reported through a properly licensed Alabama seafood dealer.

Persons who are transporting commercially harvested saltwater finfish out of the state of Alabama must have, in their possession, proof that said finfish were first landed and reported to a licensed Alabama seafood dealer (a bill of sale, receipt, or trip ticket showing the pounds of fish, the species, the price paid for the product, fishermen's name and license or permit number, the name of the seafood dealer, date of harvest, and date of purchase).
